

Flamborough Girls Hockey Association
Home Game Screening Process

PLEASE NOTE: All visitors to the rink will be subject to vaccination verification at the door by the City of Hamilton staff. This does not take the place of contact tracing and COVID screening, which is the responsibility of the FGHA.

For all games and practices where the FGHA is the home team, the following screening process must be used.

All rostered players and staff must complete the Health Check on the RAMP Team App before coming to the rink.

All other visitors to the rink must log into CovidControl.ca

- In the top bar of the webpage, enter the location code for the arena (list is below).
- Enter their individual contact tracing details including phone # and email
- Answer the screening questions and click submit.
- The resulting webpage is the response page, and it is colour coded. Green = good to go; red = cannot enter. Examples are below.
- Show this page (or a screenshot) to the team rep assigned to check for screening.
 - Harry Howell – Rink A – Z1A7QQ
 - Harry Howell – Rink B – 8PAFD9
 - Beverly Arena – 2XSL9J
 - Carlisle Community Centre – INIX7F
 - Morgan Firestone Arena – Rink B – ACIR16
